<b>Properties:</b>	AKEMI® Techno Ceramic Intensive Cleaner is an acid-free, ready-to-use cleaner spray made of non-ionic surfactants, auxiliary materials, odoriferous substances and solvents. The product is free from phosphates and bases; the surfactants contained are biodegradable in correspondence with the legal regulations for surfactants.
<b>Application Area:</b>	AKEMI® Techno Ceramic Intensive Cleaner is suited for a rapid and thorough cleaning of kitchen counter tops, displays, wall coverings and other surfaces made of high-tech ceramic. Removes stubborn dirt, e.g. incrustations by leftovers, layers of oil and grease, residues of soap.
<b>Instructions for Use:</b>	<ol style="list-style-type: none"><li>1. Spray evenly on the surface to be treated.</li><li>2. Spread the product with a humid cloth and allow it to work for a short while.</li><li>3. Afterwards use a humid cloth to remove the dirt. Finish by rubbing the surface with a clean and lint-free cloth until the surface is free of streaks.</li><li>4. For stubborn dirt, repeat the procedure again. If necessary scrub the surface with a brush.</li></ol>
<b>Special Notes:</b>	<ul style="list-style-type: none"><li>- Do not apply AKEMI® Techno Ceramic Intensive Cleaner on synthetic materials which are not resistant to solvents or rubber. If in doubt, test on an inconspicuous area.</li><li>- A surplus of the product causes blooming and spotting. This can be removed with water.</li><li>- For adequate waste disposal container must be completely emptied.</li></ul>
<b>Technical Data:</b>	Colour: colourless Density: approx. 1.00 g/cm <sup>3</sup> pH value: approx. 10
<b>Storage:</b>	2 years if stored in cool place free from frost in its tightly closed original container.
<b>Health &amp; Safety:</b>	Read Material Safety Data Sheet before handling or using this product.
<b>Important Notice:</b>	The above information is based on the latest stage of development and application technology. Due to a multiplicity of different influencing factors, this information – as well as other oral or written technical advises – must be considered as non-binding hints. The user is obliged in each particular case to conduct performance tests, including but not limited to trials of the product, in an inconspicuous area or fabrication of a sample piece.
